

Illness Forces Delay of Hope-Crossett Grid Game

AP Adds Newspaper at Arkadelphia

LITTLE ROCK (AP)—The Daily Siftings Herald, published at Arkadelphia, yesterday became the Arkansas newspaper member of the Associated Press. Keith Fulmer, AP bureau chief here, announced today.

Soviet Moon on Schedule, No Weak Signs

WASHINGTON (AP)—Sputnik stayed right on schedule today, completely oblivious to dire predictions by earthbound experts of changing orbits, weakening signals and possibly a sudden fiery death.

Scientists at the Naval Research Laboratory here said the Russian satellite is still holding to its original orbit and speed, which carries it around the world every 96.1 minutes.

The laboratory's tracking station at Blossom Point, Md., reported that it intercepted strong and clear radio signals from Sputnik this morning, starting at 8:48 a. m. EST and lasting until 7:01. That time period included the satellite's diagonal crossing of the United States from the northwest to the southeast over northern Wisconsin across Ohio and out of the United States north of Charleston, S. C. Sputnik crossed over the coastline at 7 a. m. EST on its pre-determined orbit.

The Blossom Point tracking station said Sputnik's radio signal was the same as yesterday, strong in the 40 megacycle band and more of a steady signal instead of the original "beep... beep... beep."

A spokesman at the laboratory said Sputnik crossed over the northern tip of Maine at 5:20 a. m. EST today but missed the rest of the United States.

At 8:32 a. m. EST the timetable indicated a route across the Canadian border into the United States a little west of Helena, Mont., southward into Colorado west of Denver at 8:34, across the Texas-New Mexico border at 8:36 and across the Texas-Michigan border at 8:38.

All of today's crossings of the United States were in a southeasterly direction. Sputnik will return tonight and make several passes over the country in a northeasterly direction.

Fog over much of the northeast U. S. coast thwarted efforts to get a visual fix on the man-made satellite early today.

Scientists and moonwatchers at a Cambridge team manned their telescopes atop the Harvard College Observatory as the moonset on a southeasterly course above Nova Scotia, northeast of Boston, at 9:40 a. m. EDT. But the fog hid the target, as clouds had done when the Cambridge observers made their first effort yesterday.

Martin Injures Hand in an Accident

Clyde Martin injured his hand in an accident at Municipal Water and Light Plant this morning and was rushed to a local hospital by an Oakesboro ambulance for treatment. He badly bruised his hand when accidentally hitting it with a hammer. No bones were believed to be broken.

Evening Shade Singing Sunday

The Evening Shade Baptist Church, located 7 miles south on Highway 29, will have a singing Sunday afternoon, Oct. 13, beginning at 2:30. The public is invited.

There are a lot of people who think they aren't overweight, but are.

Telephone Income Hits \$173 Million

NEW YORK (AP)—American Telephone Telegraph Co., reported today its net income for the third quarter ended Sept. 30 rose to \$173,090,000 equal to \$2.68 a share from \$152,393,754 or \$2.70 a share on a smaller number of outstanding shares in the third quarter of 1956.

The Bell System which consists of ATT and its principal telephone subsidiaries, had net income for three months ended Aug. 31 of \$211,574,700 of which \$205,805,728 or \$3.22 a share were applicable to ATT stock. This compared with a net of \$193,204,004 of which \$187,508,273 or \$3.25 a share were applicable to ATT stock for the same three months in 1956.

State Driver's License Bureau Is Set Up

LITTLE ROCK (AP)—The state of Arkansas had a full-fledged driver's license bureau today for the first time.

Capt. Mick Thompson of the highway patrol division of State Police said that 15 men who have just finished special instruction in this field would begin work today.

"All new drivers anyone who needs special instruction and any problem drivers will be given tests by the new men," Thompson said.

"We will keep a complete record of drivers and we will give tests to anyone with several moving violations, or anyone referred to us by a court. We also will give driver examinations to anyone whose previous license has expired for more than a year."

Thompson said that 51 new patrolmen were sent out last week. They are graduates of a training school conducted here.

The increase in the highway patrol and the driver's license bureau were authorized by the 1957 Legislature, which raised the driver's license fee from \$1 to \$2 to finance the projects.

One announced aim of the move was to put at least one trooper in each of the state's 75 counties.

"When the program is completed in November we will have 120 men patrolling the highways," Thompson said, "compared to the present 68. We already have men stationed in all counties except Dallas, Marion, Montgomery and Fulton."

Another small group of trainees will start instruction Sunday, Thompson said, and will finish Nov. 9.

Four of the men giving drivers tests will be stationed here; the others will be stationed at scattered points.

"We have been able to work out better shifts for the men," Thompson said. "Actually, when all trainees go on duty we will be in better shape than the figures show. We have sergeants and lieutenants who do some patrol duty who are not included in the total."

"Also, a trooper spent an average of a half day per week giving drivers tests and now he will be free to do straight patrol duty. We will continue to use one-man patrols except in heavy traffic areas—such as Little Rock or Fort Smith or a major highway."

Did any of the trainees flunk the instruction course?

"Well, we had only one man who was not accepted," Thompson said, "but we screened them thoroughly than we have ever done before. We selected these men from among 2,000 applicants. These days, it's tough to try to get good men in the age limits we want. Most men 25 to 35 have good jobs."

Two Wrecks, One Involving Police Car

Two accidents, one involving a state police car, were investigated by officers last night.

State Patrolmen Guy Downing and Travis Ward, the driver, were enroute to a wreck on Highway 67 when their auto collided with another driven by Mrs. Marvin Powell. The accident occurred at the Third and Elm Street signal light. Nobody was seriously hurt. The state car was badly damaged.

The two officers went on to the wreck in which Bill B. Dutton of Dublin, Texas, lost control and hit a bridge railing at Caney Creek, west of Hope. The Texas car skidded around and completely blocked the highway. Traffic was tied up for about 30 minutes.

Dutton suffered cuts and bruises about his face and chest. He was not considered seriously hurt. The auto was demolished.

Says Troop Use by Ike Is Illegal

VIRGINIA BEACH, Va. (UP)—Sen. A. Willis Robertson (D-Va.) said today President Eisenhower's use of troops in Little Rock "is clearly illegal, unconstitutional and poses a great threat not only to national unity but also to the fundamental principle of self-government."

Robertson, in a speech prepared for the Virginia Carolina Peanut Association, said "I believe the President of the United States is guilty of an ill-advised assault on the fundamental principles of the constitution."

He said the president's action to obtain immediate "rather than possibly somewhat delayed" compliance with a federal court order for integration of Little Rock's Central High School "could not possibly be as important to the President as respecting the rights guaranteed to the states by the tenth amendment."

He said "it is most regrettable" that the President did not recall his 1952 speech in Richmond, Va., when he warned against excessive power of a central government.

Millions in U.S. Dwell in Twilight Health

By HAL BOYLE
NEW YORK (AP)—Sidekick scrawls of a payment plate: America, the richest country on earth is also the land of the half-well.

It has millions of people who dwell in twilight health—they are not sick enough to go to a hospital and they aren't well enough to feel good.

They are chronically fatigued and feel sure there must be something seriously wrong with them. But in a majority of cases the only thing wrong with them is themselves and their bad living habits which let's face it—would kill an Alsatian or take down a buffalo.

So what do they do? They take a pill... another pill... and still another pill. Pills capsules, tablets—ever year they swell out of the machines and down the gutlets of half a million Americans by the millions and billions. And to what effect? A remarkably small number of honest doctors would be the first to agree.

The most persistent demand of many otherwise sensible people is that the fountain of health lies in a well-stocked medicine cabinet.

Actually, what this country needs is an organization called "Pill Takers Anonymous," composed of people who have broken themselves of the habit of taking pills and potions needlessly.

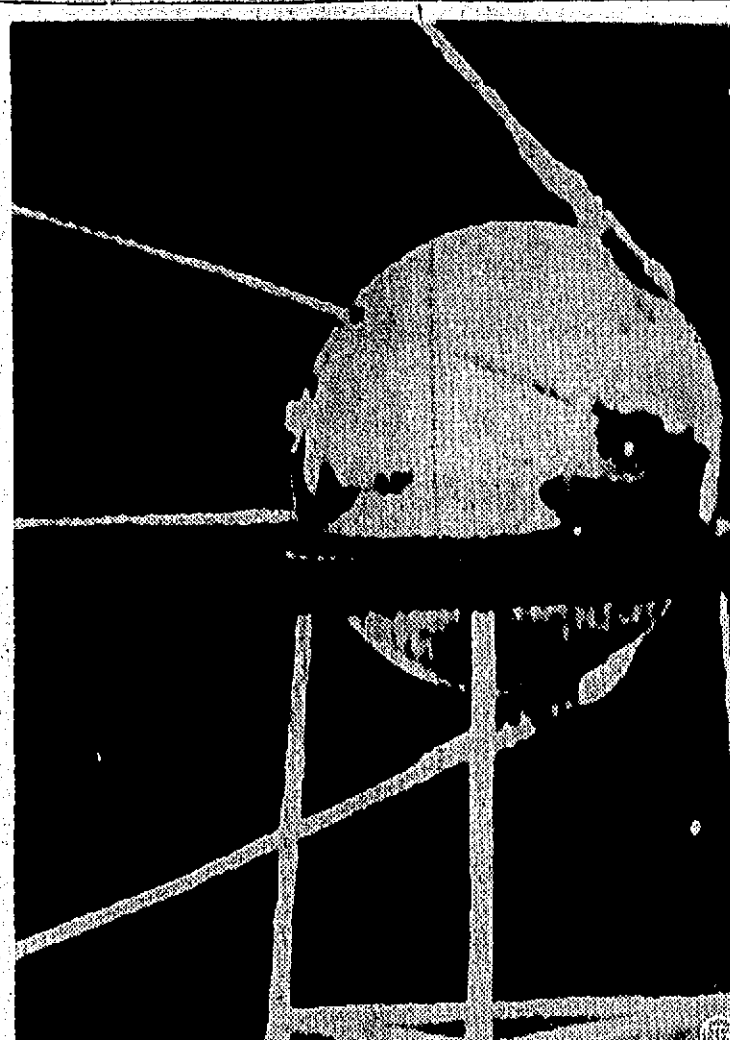

The pill-taking habit if overdone, is in its way as harmful as excessive smoking or drinking. The reason it kills people into a false sense of well-being prevents them from making the changes in their living habits that alone can restore them to real health.

It is speaking of course, not of pills prescribed for genuine organic ailments, but pills for "that tired feeling."

Recently a friend of mine who was taking 13 pills a day (thyroid pills, vitamin pills, pep pills, tranquilizer pills and a pill to make his body shed fluids faster) became extremely nervous and decided he was "over-medicated."

"I went to another doctor," a general practitioner, for busy to

RUSSIAN'S SATELLITE—This is an actual photo of the Russian earth satellite, Sputnik, made while it was on a stand at Moscow exhibition just prior to its launching Oct. 4. The Soviet newspaper Trud has hinted that Russia will send up a second, more powerful satellite Nov. 7 to mark the 40th anniversary of the Communist regime in Russia. This is the first official picture made public of the historic satellite after the Soviet Union launched man's first "baby moon."—NEA Telephone

Russia Ready to Use Force, Leader Says

NEW YORK (AP)—Nikita S. Khrushchev has made it clear that the Soviet Union is prepared to use military force to defend its interests in the Middle East, the New York Times said today.

During an interview with James Reston of the Times, Khrushchev also accused Secretary of State Dulles of inciting Turkey to start a war in the Middle East by attacking Syria. The Communist party boss challenged the U. S. Senate to investigate his charges.

The interview took place Monday at Communist party headquarters in Moscow. The full portion was released by the Soviet government for publication today.

Reston reported that in what seemed to be a clear threat of Soviet intervention in any Middle Eastern war, Khrushchev said:

"If war breaks out, we are near Turkey and you are not. When the guns begin to fire, the rockets missiles can begin flying and then it will be too late to think about it. Turkey would not last one day in case of war."

Khrushchev charged that Dulles first instructed Loy W. Henderson, deputy undersecretary of state, to incite Jordan and Iraq against Syria on his trip to the Middle East after leftist officers took control of Syria's armed forces last August.

Failing to incite Jordan and Iraq, Khrushchev said, Henderson turned pressure on Turkey to attack Syria. Turkey is an American-armed ally in NATO.

When Reston asked Khrushchev for verification of the charges, the Soviet leader replied:

"Why don't you ask Mr. Dulles? In his speeches, he refers to God. Then, let him swear under oath and tell the truth about the instructions he gave Henderson. If he is truly a believer and does not want to be a perjurer, he will admit that he did give such instructions."

After Reston expressed disbelief at the accusations, Khrushchev went on:

"I quite understand you when you say you are flabbergasted, but it is true. Perhaps there may be more factors now for peace than of war, but the United States is pushing Turkey into war with Syria. We will do everything to prevent it."

"In moving their troops the Turks are even laying bare some parts of their frontier with us. They should not do that. They are very weak. Turkey would not last one day in case of war."

Later on Monday, at an event German B. M. B. a banquet Khrushchev repeated his charges against Turkey and its slightly veiled threat of Soviet retaliation to any attack on Syria. The Turks have rejected the charge of aggressive intent and said their troop movements are a defensive measure made necessary by Soviet arms shipment to Syria.

Khrushchev told Reston there were documents to prove his charges, which eventually will be published.

"It would be useful if the American Senate would acquiesce itself with those instructions which

Missiles for Peace Talks Okay by U. S.

By MAX HARRELSON

UNITED NATIONS N. Y. (AP)—The United States declared today it is ready to begin multilateral talks immediately on steps to harness space missiles for peace.

The statement was made by Ambassador Henry Cabot Lodge as the U. N.'s 82-nation Political Committee plunged into a detailed debate on disarmament.

Lodge asserted the United States was willing to separate the discussion of space missiles from the general disarmament debate and proceed with it independently.

The Lodge delegate reminded the committee that the United States 10 years ago had taken the initiative in proposing international control of atomic energy. If this proposal had been accepted, he said, widespread international anxiety could have been avoided.

"We now have a similar opportunity to harness for peace man's newest efforts in outer space," he said. "We have therefore proposed to work out an inspection system that will be a sufficient guarantee that such missiles will be used exclusively for peaceful purposes."

"The United States is prepared to join in this initiative without awaiting the conclusion of negotiations on other substantive issues."

The United States with Britain, France and Canada, has proposed in the London meetings of the U. N. Disarmament Subcommittee that the supervision of space objects be included as a part of a general disarmament agreement.

Lodge told the committee international control of the newest devices of science—outer space missiles—was urgent because they can either be restricted to peaceful uses "or they can be used to blow us to bits."

"We already know that the prospect of an outer space missile armed with a nuclear warhead is too dangerous to ignore," he added.

On other phases of the disarmament problem, Lodge said:

1. The United States would agree to suspend nuclear tests only after the Russians had agreed in principle to other related matters, including a ban on the production and stockpiling of atomic and hydrogen weapons.

2. The United States is ready to halt the production of fissionable materials for weapons purposes and to reduce its armed forces as soon as proper safeguards can be set up to prevent surprise attacks.

3. The United States wants to keep the disarmament talks going in five national disarmament subcommittees, which includes the United States, the Soviet Union, Britain, France and Canada.

4. The United States feels there is no cause at this stage for a general disarmament conference.

Ministers Plan Prayer Service

The ministers of Hope have announced a prayer service for Saturday morning at the Methodist Church for the purpose of praying to God in a time of Moral Crisis. The public is invited to attend.

No New Turn in Integration Situation

LITTLE ROCK (AP)—Nine Negro students were escorted without incident today into Central High School for another day of racially integrated classes.

Half a dozen federalized National Guardsmen crossed the campus with the Negroes. Several score white students looted on. There was no demonstration.

Aside from the rescue of the troops and the knotty issue which keeps them there, conditions at Central High were edging back toward normal.

In advance of the opening of classes today, school authorities said 46 out of 74 students who have been under suspension have been reinstated or will be shortly. Most of the suspensions were for three days; others were for indefinite terms. Many of those barred from classes had taken part in a walkout or in other disturbances.

In addition, attendance at Central High yesterday totaled 1,773, with 100 absent. The absentees included those under suspension. School officials have said normal absenteeism runs about 5 per cent—which would amount to around 100 pupils out of Central High's enrollment of almost 2,000.

At the peak of the tension growing out of racial integration ordered at the school by the federal courts, absenteeism reached a record of 750.

While the Eisenhower-Faubus stalemate continued and conditions at the school itself appeared serene, there were side effects elsewhere.

In Pine Bluff, Ark., an official said union locals at the big Cotton Belt Railroad Shops were withholding support from the city's Community Chest drive.

J. A. Nesbitt president of the Pine Bluff branch of the AFL-CIO National Assn. of Machinists and of System Federal 45, a group comprised of all-union locals at the shops, said the unions are not supporting the campaign for "red" money which we do not care to divulge at this time.

At a meeting of the segregationist Citizens Council in Pine Bluff Tuesday night, an unidentified man in the audience said the unions are boycotting the Community Chest drive "because some of the money is going to a nigger boys club."

The Pine Bluff Negro Boys Club is one of the organizations benefiting from the Community Chest drive.

350,000 New Cases of the Asian Flu

WASHINGTON (INS)—The Public Health Service today reported 350,000 new cases of Asian flu, bringing the nation's total to 1,077,000 as of Oct. 4.

The health service said that reports of flu and flu-like diseases followed the same pattern as in the previous three or four weeks with increases in many areas across the nation.

Most of last week's 350,000 cases were reported in schools, colleges, institutions and other closed groups the service said in its weekly summary of the flu situation.

The report said that new outbreaks in schools increased in Massachusetts, New York, New Jersey, Ohio and Kansas.

Up to the present time the health service said, only a few states have reported epidemics in their general populations.

Milwaukee Downs Yankees 5-0 to Win World Series

Cloudy, Wet in Sections of U. S.

By The Associated Press

Showery and cloudy weather persisted in sections of the north-west and the Southeast today but it was dry and fairly pleasant in other parts of the country.

Clear skies and temperatures in the 80s were indicated for the seventh and final game of the World Series in New York.

The continuing low pressure off the southern Oregon coast spread a blanket of clouds over most of the northern parts of the Far West and eastward to the Rockies. However, rain fell mostly along coastal sections of northern California and southern Oregon.

Top Four in San Marino to Confer

SAN MARINO (AP)—Leaders of San Marino's two rival governments planned to meet late today as some Communist volunteers threatened to shoot to defend their hold on government buildings.

Leaders of the anti-Communist "White" regime hoped to end the stalemate produced by Communist refusal to surrender the 36-square-mile mountain republic. An earlier agreement broke down last night.

Zachariah Sorelli, a member of the White government, said that a final decision might be reached at today's meeting.

Sorelli said that Domenico Morganti, interior minister and strong man of the Communists, had cautioned patience to avoid possible violence. He said Morganti had warned that some Red volunteers were holding on to their guns and threatening to fire if anti-Communists tried to take over the Capitol.

Morganti told White leaders the Communists hoped to disarm all their volunteers today.

The rival leaders met across the border in nearby Rimini, Italy, early today and a Communist official said later, "We hope to clear things up definitely in further talks."

The anti-Communist forces recognized by surrounding Italy and other Western nations after they proclaimed their government 10 days ago had delivered an ultimatum to the Reds to hand over the government.

Another U. S. Judge Coming to Arkansas

LITTLE ROCK (UP)—Federal Judge Roy W. Harper said yesterday that another federal judge will arrive Oct. 28 to help him in clearing up cases in the Arkansas Eastern District.

Judge Richard B. Robinson of Omaha, Neb., will be here three weeks to help hear civil and criminal cases.

Judge Harper said Chief Judge Archibald K. Gardner of the U. S. Court of Appeals for the Eighth Circuit at St. Louis had agreed to sending Robinson to Little Rock.

Vicki Henry Celebrates Birthday
Vicki Henry celebrated her third birthday with a lawn party given by her parents, Mr. and Mrs. Dawson Henry, at their home on Saturday afternoon.

The little guests spent the afternoon playing with various toys after which they were seated at a nursery table centered with the white birthday cake decorated in pink and topped with pink candles and served refreshments, favors, were balloons, bubble gum and suckers.

Guests included Janice and Jackie Hesterly, Kay Reynolds, Mary Virginia Daniel, Joy Manzella, Brenda and Debra Harris, Mary Alice Easterling, Tommy and Kathy Johnson.

Mr. and Mrs. Earl Eppler Entertain Couples Club

Mr. and Mrs. Earl Eppler were hosts to the Couples Bridge Club at their home on Friday night. Colorful arrangements of fall flowers decorated the rooms.

High score honors were won by Mrs. Eppler and C. R. Gray. Other members included Mr. and Mrs. Clyde Hesterly, Mr. and Mrs. J. E. Franks and Mrs. Gray.

A dainty dessert course was served by the hostess.

Mission Study Institute Held
The Red River Association Mission Study Institute was held on Saturday at the local First Baptist Church. The theme was "Africa An Emerging Continent."

Mrs. Roy Stainton, associational mission study chairman, presided. The general assembly met at 10 a.m. and Mrs. Stainton conducted the worship service. Mrs. J. T. Daniels of Arkadelphia, associational superintendent, gave a brief talk.

The group was divided into classes and instructed on how to present the study books. Mrs. Harrell Hines gave instructions to the adult classes. Mrs. Ray Woodell the Y. W. A., Mrs. Daniels the intermediates, Mrs. A. S. Trout of Gordon the junior department, Mrs. N. R. Lee of Gordon the primary class.

A covered lunch was enjoyed at noon.

After lunch Mrs. Stainton showed a film "Sharing the World in West Africa." The meeting adjourned with prayer.

Dr. and Mrs. Thomas Entertain
Dr. and Mrs. Jim Gentry Thomas entertained with a barbecue supper at their home on Friday evening.

Covers were laid for Mr. and Mrs. Jim Morris, Mr. and Mrs. Norwood Smith, Dr. and Mrs. Charles Hesterly and the hosts at small tables centered with autumn blossoms.

Following the supper parlor games were played.

Russell Keith Marriage Solemnized

Miss Betty Keith of Magnolia became the bride of Arthur Russell of Prescott at the home of Mrs. Mark Justiss on Sunday afternoon. The rites were read by Rev. Alfred De Black, pastor of the First Methodist Church, before a small group of relatives and friends.

The fireplace in the living room was marked with floral arrangements of white gladioli, floor baskets that looked like a white wrought iron candelabrum holding white flowers that were lighted by Bill Justiss.

The bride wore a street length dress of turquoise blue velvet and blue and white accessories. Her corsage was a white orchid encircled with tube roses.

Mrs. James Jorgenson of Magnolia served her sister as matron of honor. Hubert Russell served as best man.

At the reception held in the dining room the bride's table was covered with an imported cut-work cloth centered with an arrangement of pink and white carnations. The cake was served by Mrs. Herbert Russell. Mrs. Jorgenson presided at the punch bowl.

Following a wedding trip to Panama City, Fla. the couple will be at home in Magnolia until Nov. 1, when they will reside in Prescott.

Among those from Prescott who

attended the Arkansas-TCU football game in Little Rock Saturday night were: Mr. and Mrs. Frank Hailom Jr., Pat Hailom, Mr. and Mrs. Ralph Gordon, Mr. and Mrs. B. A. DeLamar, Dr. and Mrs. Glenn Hainston, Ruth and James, Mr. and Mrs. Gene Hale, Mr. and Mrs. Floyd Hubbard, N. A. Peters and sons, Bill Oates, Hansel Herring, Hubert Willis, Mr. and Mrs. Virgil Daniel Jr., Mr. and Mrs. Rufus Formby and Kenny and Mr. and Mrs. Bill Bolton and children, Dr. and Mrs. Jack Harrell, Miss Amelia Harrell, Dudley Rouse.

Mr. and Mrs. Lee Stark were the weekend guests of Mr. and Mrs. Johnny Stark of Little Rock.

Mr. and Mrs. Tom Bemis were the Sunday guests of Mr. and Mrs. Roger Smith of Magnolia.

Mr. and Mrs. E. B. Johnson and James Eley spent the weekend in Little Rock and attended the Livestock Show.

Mr. and Mrs. C. O. Wahlquist and Mrs. Larry Wahlquist were the weekend guests of relatives in Little Rock.

Mr. and Mrs. Lloyd Haynie, Shelby Haynie and Miss Wanda Huskay attended the Livestock Show in Little Rock Friday.

Mr. and Mrs. Ralph Haynie and sons of Smackover spent the weekend with Mr. and Mrs. Brodie Haynie.

Mr. and Mrs. Norwood Smith and son were the weekend guests of his parents, Mr. and Mrs. Roger Smith, of Magnolia.

Dr. and Mrs. O. G. Hirst had as their Saturday supper guests, Mr. and Mrs. Claud Hirst of Washington, D. C., Mr. and Mrs. Ralph Scott of Camden and Mrs. Bob Sloan of Jonesboro.

Mr. and Mrs. Charlie Scott and Linda Scott spent the weekend in Little Rock where Linda entered her seventeen month old Black Angus steer "Nickel" in the Arkansas Livestock Show and won eighth place. Nickel won the Grand Championship prize in the Junior steer division at the Third District Livestock Show.

Mr. and Mrs. Charlie Thomas attended the christening of their grand daughter, Susan Elizabeth, daughter of Mr. and Mrs. Harley Cox at the First Methodist Church in Pine Bluff Sunday. The church service was televised.

Mr. and Mrs. J. V. McMahan and Betty Jane of Waldron visited Prescott friends Saturday.

Mr. and Mrs. Charles Willis and children of Grand Prairie, Texas, spent the weekend with Mr. and Mrs. Jeter Willis. Mr. and Mrs. Willis attended the Ark-TCU football game in Little Rock Saturday.

Dr. and Mrs. N. R. Nelson and Lynn were the weekend guests of Dr. and Mrs. D. L. Mosley and sons in Little Rock and attended the Ark-LSU football game.

Friends will be glad to know that Steve King, son of Mr. and Mrs. Karl King Jr., is recovering from injuries he received when he was struck by an automobile Saturday afternoon.

Church Group Sets Own Prayer Meeting

LITTLE ROCK (UP) — A church group not in line with Saturday's city-wide prayer meeting for peace in the Central High School integration situation has scheduled its own prayer meeting.

The Rev. M. L. Moser, Jr., of Central Baptist Church said the group's prayer meeting will be held at 7 p.m. Friday.

The purpose Moser said will be to pray for a peaceful solution to the problem. He said the group will be made up of Negro students back to Hockley-Mann High School. Moser said he has nothing in common with those ministers sponsoring the Saturday worship.

Miss Ireland Doesn't Want Beauty Title?

LONDON (AP) — Reluctant Miss Ireland declared today she hopes to be foundly beat in the forthcoming Miss World beauty contest. Victory, she explained, would cost her her boy friend.

Miss Ireland is 19-year-old Nes- sa Welsh, a poker-faced but comely brunette.

"They did not tell me until I had won the title Miss Ireland that I would have to wear a bathing suit," she told a reporter. "If my parents had not scrimped to buy my clothes for the trip, I wouldn't have come. If I win the contest, my boy friend will never speak to me again. He did not like my entering the first place. It is a slip, he said to me. My priest did not like it either."

Huge Canal Program to Cost \$19 Million

BALBOA, Canal Zone (AP) — A proposed 19-million-dollar improvement program probably would enable the Panama Canal to meet the demand of world commerce for 20 years, Canal Zone Gov. Hugh Arnold says. Arnold told a group of military engineers last night that the

changes would cut the time a ship spends at the canal from 17 hours 18 minutes to 11 hours 27 minutes.

He said the improvements also would save the canal administration \$230,000 annually.

The program has been submitted to the U.S. Budget Bureau but no action has been taken on it. The program includes adding five towing locomotives with a higher speed than present ones,

additional lighting, moving facilities within the canal and the widening of some sections. Arnold said the changes might be completed by 1961 if the funds are approved.

LOWEST

Lowest official temperature ever recorded in continental United States was 70 degrees below zero, which occurred at Rogers Pass, Mont., in 1954.

PLAYING IT SAFE
DES MOINES, Iowa (UP) — Safety may be first in the Iowa Safety Department, but Edwards Fitzgerald is a close second. Fitzgerald reported for work in executive position with the department, only to find "no person had been hired yet."

The accumulation of barnacles on the bottoms of ships affects their speed.

Phone 7-3431 Between 8 A. M. and 4 P. M.

Calendar

Thursday, October 10

Baker Home Demonstration Club will meet Thursday, Oct. 10 at 7:30 p.m. in the home of Mrs. Merlin Cox, 603 Pond St.

The Builders Sunday School Class will have its regular business and social meeting Thursday at 7:30 p.m. in the home of Mrs. John C. Tupper, 204 East 10th Street.

Guertsey PTA will have its regular monthly meeting Oct. 10 at 7:30 p.m. in the school auditorium. All parents and teachers are urged to attend.

Saturday, October 12

A Bake Sale will be held Saturday, Oct. 12 in the building formerly occupied by Stewart's Jewelry Store, on East 2nd Street sponsored by all the Home Demonstration Clubs of Hempstead County.

Sunday, October 13

Mr. and Mrs. J. W. Booth will celebrate their Golden Wedding Anniversary with Open House from 2 to 5 p.m. Sunday, Oct. 13. All friends of the family are invited.

Bodeaw P. T. A. meets tonight at 7:30 in the school cafeteria. This meeting will bring to a close the membership campaign which has proved very successful. The discussion subject will be, "The A-tuned School."

Monday, October 14

The Hope Duplicate Bridge Club will hold Master Point night at 7:30 Monday, Oct. 14 in the private dining room of the Diamond Cafeteria. All members and guests are urged to come to dinner which will be served from 6:30 on. No reservations necessary.

The Wesleyan Service Guild of the First Methodist Church will meet Monday night, Oct. 14 at 7:30 in the home of Miss Kathleen Broach with Mrs. Roy Stevenson as co-hostess.

Tuesday, October 15

The Blevins Community Club meets Tuesday, Oct. 15 in the Home Economics Cottage at 2 p.m. This meeting was scheduled for Thursday, Oct. 10, so please note the change of date.

Lilac Garden Club October Meeting

Mrs. B. W. Edwards was hostess to the Lilac Garden Club for the October meeting, and for the occasion, the lovely Edwards home was decorated with arrangements of Pink Radiance roses and bronze chrysanthemums.

The business session was opened by the unison reading of the club collect. The roll call and the treasury report was given.

Mrs. Harold Stephens presented the program and gave a talk on "Gladious" and chrysanthemums. Mrs. N. P. Nesbit gave an original enlightening explanation on

bulbs, day lilies and prebentials. Mrs. Edwards was assisted by Mrs. Harold Stephens and Mrs. Lloyd Kinard in serving home made pecan pie and coffee to the 18 members and the guest, Mrs. J. C. Carlton.

Brookwood 6th Grade News

In our football game last week Brookwood defeated Garland 12 to 7. We play Paisley at Brookwood Thursday.

The 6th Grade English Club met Friday afternoon and those taking part on the program were Susan Cook, Diane Ellis, Suzy Waller, Betty Waller, Judy Owens, Judy Hartfield, Mary Beth Allen, Larry Moore, Lynne Barton, Richard McDowell, Mack McLarty and Paul Henley.

Monday morning in keeping with Fire Prevention Week, we gave a play entitled "The Football Team Cleans Up" to the entire student body. Fire Chief Willis and fireman Huckabee were present. Reporter — Paul Henley.

Mrs. Bryan Clark Hostess to Senior W. M. A.

The Senior W. M. A. of Garrett Memorial Baptist Church met in the home of Mrs. Clark with Mrs. James Braden as co-hostess. The meeting opened with the singing of two hymns directed by Mrs. Bonnie Boswell with Mrs. Paul Church at the organ. Rev. Story led in prayer.

The business meeting was presided over by the president, Mrs. Gladys Roberts. As Garrett Memorial W. M. A. is co-hostess to Unity Church for the District Auxiliary meeting it was decided that each one bring a covered dish.

Mrs. James Braden presented the program, "Christian Hospitality," and the devotion was given by Mrs. Dwight Ridgill. Mrs. Ole Cook read a poem, "If You Went to Jesus House," and Mrs. Man- grum led in prayer. Mrs. Braden

DOROTHY DIX

Grandma Getting Too Big For Her Boots

turned the program over to the guest speaker, Rev. Story, and he brought a wonderful talk on Christian Hospitality. Mrs. Dale Hunt dismissed the group with prayer. The hostess served a dessert plate to 19 members and two visitors. Mrs. James Rowe and Master Kenny Rowe.

Junior Baffoli

Garden Club Meets

The Junior Baffoli Garden Club met in the Paisley School Auditorium Friday, October 5, with the leaders Mrs. E. P. Young Jr., Mrs. Harold Bents and Mrs. Lex Helms Jr. Brenda Parris was in charge of the meeting. Judy Thornton read the minutes of the last meeting and Camille LaGrossa led the club pledge and Julia Ellis directed the singing of Mocking Bird Hill and America, with Rose Ann Williams at the piano. The members finished the covers for the year book.

Mrs. Bents introduced Mrs. J. C. Carlton who talked about bulbs and flowers. She gave the school a collection of Lycoris bulbs which will be planted in the near future. Delightful refreshments of home made cookies were served. Reporter — Verna Gail Harman.

Births

Mr. and Mrs. James A. (Jimmy) Wilson of Houston, Texas, announce the arrival of a baby boy, James Randall, born Oct. 8, 1957. Mr. and Mrs. Aubrey Wilson are the paternal grandparents and Mr. and Mrs. George Sundstrom of Phoenix, Arizona are the maternal grandparents.

Coming and Going

Mrs. Veda Adams, Mrs. Mildred Robbins and son, J. W. Booth Jr., all of California will arrive Saturday to attend the Golden Wedding Celebration of their parents, Mr. and Mrs. J. W. Booth. Also to attend will be Mr. and Mrs. Joe Booth and children of El Dorado, Okla., who will arrive today.

Hospital Notes

Branch Admitted: Paul Dudgey, Washington. Discharged: Mrs. Pierre McAllardier and baby boy, Hope.

Memorial Admitted: Jerome Smith, Ozark; and Miss Wrenetta Cleave, Hope. Discharged: George Bickelstaff, Rt. 4, Hope; George Davis, Hope; Mrs. Marvin Bennett and baby, girl; Rt. 4, Hope; Horace Fuller of Hope; Geraldine Newton, Rt. 4, Hope.

will be more than appreciated but if she's just going to stir up a storm, the tempest must blow somewhere else. Your home won't be big enough for it. If her tantrums persist, tell your uncle and aunts they'll have to find another home for her.

Dear Dorothy Dix: Since no one else in the family would give my grandmother a home, my husband and I offered her a room in our house. We recently bought the home, and are expecting our first baby.

My grandmother has her room, board and entertainment free. She can spend her social security money as she wishes, yet she is neither happy nor satisfied. If she's crossed the least little oil, she sulks and says I'm mean to her. It seems to me I bend over backwards to please her, but nothing works. She has children of her own but they won't take her in.

How can I induce her to be more co-operative? I'm doing the very best I can.

CLARICE

Dear Clarice: You and your husband have certainly gone out of your way to be hospitable and pleasant to an old lady. Since your efforts are apparently unrewarded and unappreciated, I don't think it's up to you to try any more.

The responsibility of your grandmother's care clearly up to her children; it shouldn't fall on the younger generation, who have problems and responsibilities of their own. Make one more try with grandma. Tell her she's welcome to stay with you if she'll stop being capricious and dramatic. Remind her, gently but firmly, that she's not the star attraction at your house; that role is reserved for the newcomer. Stress the fact that with a new baby in the house, your time will be too full to permit spoiling a grandmother.

If she'll give you some help it

Beep Silent for 6 Hours Starts Again

By JOHN A. HARRIS

WASHINGTON (AP) — Russia's earth satellite, silent for six hours last night, gave out strong new signals today.

Observers reported that the man-made globe, which has circled the earth since last Friday, appeared to be losing altitude.

A spokesman for the Cavendish Radio Observatory in Cambridge, England, said: "The latest observation certainly indicates it is beginning to earth rather quickly. We can't say whether it is a matter of hours or days."

President Eisenhower held two meetings yesterday with missile and satellite experts but a spokesman said afterward that the President apparently got no information which might lead to a speedup of the U. S. satellite program.

Pressure for government action was mounting. Sen. Symington (D-Mo.) said he had sent Eisenhower a telegram urging him to call a special session of Congress.

Several members of Congress have called for an investigation to determine why the United States apparently is lagging behind Russia in the field of satellites, and some other technical areas. A Senate subcommittee staff already has started a preliminary inquiry.

Technicians at the Cavendish Observatory disclosed calculations which they said show the satellite was only about 100 miles up at one point early today. That was the lowest altitude yet reported. Cavendish rainings yesterday showed the altitude ranging from 400 down to 200 miles.

Guard Receiving Physical Exams

LITTLE ROCK (AP) — The 10,000 Arkansas National Guard men mustered into federal service in the Little Rock school integration dispute are receiving physical examinations.

A military spokesman said the examinations are a part of the routine required when guard units are federalized.

The examinations started several days ago, and another week will be required to complete them, the spokesman said.

Those found physically unfit will be discharged but less than one per cent so far have failed to qualify.

Only those officers and men who have had a similar test within the past 12 months are exempt from the examinations.

A regular Army team from Ft. Chaffee and Guard medical officers are conducting the examinations.

Two Louisiana Draft Boards Quit

MONROE, La., (AP) — Two Louisiana draft selective service boards have resigned in protest to the use of Federal troops at Little Rock.

Local Boards 46 and 141 have issued joint statements announcing the nine members of each board resigned.

"We are not serving the best interests of our community by inducting into the armed forces of our country fellow citizens who are requested to force integration with guns and bayonets," the statement said. "The boards will preserve the state."

give sympathy," he said, "and was told that all I needed was to take off some weight and drive like my grandfather had—simply." So I threw away all my pills bottles. Every one I went on a diet, cut down on my drinking and more sleep and started walking more from work every night. I feel better now than I have for 20 years. And because I feel better I don't worry like I used to. The average middle-aged pill-taking American who has nothing seriously wrong with him can achieve the same result the same way. Aristotle gave the key to healthful living long ago: "Moderation." Pills are in too many cases a kind of crutch, a form of bottled psychiatry which can do more harm than help. Here is the prescription that will put you back into living for America's jittery pill prisoners than all the wonder drugs ever invented.

1. Don't feel sorry for yourself. Self-pity will make even a minor ailment a chronic one.
2. Get an hour more sleep every night.
3. Eat only the foods you tell your kids are good for them.
4. Spend at least half an hour a day in some kind of moderate exercise—even if it consists only of patting yourself on the back.
5. Never take a pill except when you have a nosebleed. The pill won't help the nosebleed, and the other hand to most of the pills you gulp now do any more to make you really healthier?

Missiles for

Continued From Page One

which still persist between the Western Powers and Russia. London was followed by Japanese Ambassador Koto Matsudaira who formally presented a proposal for suspension of nuclear tests. "As a problem of peacekeeping," Matsudaira said, "we cannot ignore the effects of radiation resulting from test explosions." International control of long-range missiles and space satellites was mentioned in the Western plan outlined in London. But introduction of the resolution—which is sponsored by some 21 free world nations—was held up after the launching of the Soviet earth satellite to put more emphasis on this point. Soviet Communist party chief Nikita Khrushchev said in an interview in Moscow this week that Russia also would amend its disarmament proposals to provide for international inspection of rocket-launching sites as well as airports. Russia and the West have each rejected the main points of the other side's arms plan so far. Each now wants the 82-nation Assembly to put pressure on the other by endorsing its plan as a basis for future negotiations in the Disarmament subcommittee.

Pair Robs Cotton Gin of \$3,000

AUVERGNE (UP)—A pair of black-faced, sawed-off shotgun-equipped bandits robbed a cotton gin office of \$3,000 yesterday. Charles Siepert, an attendant at the Jackson County Cotton Producers Association office, said the men apparently had rubbed "burnt" work on their faces. He said they forced him and his wife into a car then released them after the robbery.

ACTUALLY
Your Baking
DEPENDS ON
THIS

It's the BALANCE of ingredients in baking powder that governs its leavening action. Only when these are scientifically balanced can you be sure of uniform action in the mixing bowl plus that final, balanced rise to light and fluffy texture in the oven. That's the story of Clabber Girl's balanced double action... Better Baking everytime!

BALANCED double-action means Better Baking!

Russia Ready

Continued From Page One

Henderson received from Dulles... Khrushchev said. Repton reminded the Russian leader that the United States had gone against its major allies in the Suez crisis to bring peace to the Middle East and was now confronted with new Communist arms and provocations in Syria. Khrushchev replied with condemnation of the Eisenhower Doctrine. He said, "From the Soviet side there were no provocations in Syria. There is not a single Soviet soldier in Syria. There is but an economic delegation with a group of technical experts." Khrushchev conceded that Soviet arms had been supplied to Syria but added that the United States has also supplied arms in the Middle East. Khrushchev observed that Arabs in general are far from Communist ideas. He said they are not Communists but nationalists and President Nasser has even jailed Egyptian Communists. While aware of Nasser's views on Communists, the Soviet Union cooperates with him against all kinds of colonialism, including America, Khrushchev said. He called that "practical coexistence."

No New Turn in

Continued From Page One

Chest campaign. About 2,300 men are employed at the Cotton Belt Shops. Most of them belong to unions. Some Negroes are employed, but few of them are union members. Pine Bluff, a city of 40,000 some 40 miles southeast of Little Rock, is scheduled to start school integration on a gradual basis a year hence. The Moscow radio took note of Little Rock in announcing a list of places the Russian earth satellite will pass over in the next several days. Three hours after the list of cities on the schedule had been completed Moscow radio resumed the transmission with a short note: "It will also pass over Little Rock at 10:30 Moscow time on Friday, 10:30 a.m., EST Thursday."

Maryland Lawmakers to Tour Arkansas

LITTLE ROCK (UP)—Five members of the Maryland Legislature plan a two-day tour of Arkansas next week. The party, en route to Oklahoma City for a meeting of the National Council of State Governments, will arrive here Sunday. Included will be Sens. Edward Northrop and John S. Turnbull and three members of the House of Delegates—A. Gordon Boone, Jerome Robinson and Lloyd L. Simpkins. During their tour they will be guests of Gov. and Mrs. Orval E. Faubus and Mr. and Mrs. Winthrop Rockefeller.

Auvergne is 11 miles south of Newport on Highway 14.

News Briefs

MARALINGA, Australia (AP)—Britain exploded a balloon-suspended atomic bomb about 1,000 feet over the semiarid Maralinga wastes today. It was Britain's first test of an atomic weapon from balloons and its 15th atomic weapon explosion. It completed a three-test series begun five weeks ago. This looked like one of the mightiest atomic blasts the British have set off.

EUREKA, Calif. (AP)—A tavern owner has concocted a satellite cocktail, contending that after one drink you'll take a flying leap at the moon. "The base is vodka, of course," whippersnapper Don Wilson, the original for "but the rest of the contents are secret, comrade." He claimed one patron had two and took off, beeping.

ST. LOUIS (AP)—Sen. Symington (D-Mo.) told a party rally Congress should give the President any funds and authority he needs to put the United States ahead of Russia in the space satellite field. "If it turns out the Communist menace is all a myth, then we may lose some money," Symington declared. "But if we don't spend the money and the myth is not a myth, we may lose our nation."

LOS ANGELES (AP)—What's the result when a delivery truck overturns and spills 2,000 loaves of bread that catch fire from spilled gasoline? Burnt toast, more than a ton of fire jam on the Santa Anna Freeway, police said the truck upset when driver Fred Sylhart slammed on the brakes to avoid a collision. He was unhurt.

U. S. Speaks Plan for Space Missiles

WASHINGTON (AP)—The United States sought quick consultation with Britain, France and Canada today on a new proposal to Russia for exploring international control of space missiles. The Western powers had proposed such a study at the London disarmament conference in August, but only as part of a package under consideration at that time. Russia rejected the proposal.

Secretary of State Dulles abandoned the American stand-pat decision on this issue after a talk last night with President Eisenhower and disarmament negotiator Harold Stassen. He evidently wants to set the United States into a more favorable political and propaganda position before the world. At the same time Dulles stuck determinedly to the line that this country will not negotiate and make agreements with Russia on issues which involve the interests of other nations.

A State Department announcement conditioned the policy change on agreement by Britain, France and Canada, which together with the United States and Russia have made up the United Nations subcommittee on disarmament.

Nation Told Flu Toll to Get Higher

By United Press

A medical expert warned Tuesday night that 20 to 25 percent of the nation's population will be stricken with flu during the next few weeks.

Dr. Alexander Langmuir, chief of the epidemiology branch of the U.S. Public Health Service's communicable disease center of Atlanta, made the prediction at a meeting of the Indiana Medical Association at French Lick, Ind. However, "A big multiplier added, 'We'll be through with the Asian flu by Christmas'."

Reports from around the nation indicated flu outbreaks were gaining in strength with the onset of chilly weather.

The disease killed two persons in epidemic strikes Milwaukee doubled in intensity in the other World Series city of New York and crept up in numerous other areas around the country.

Health officials in Chicago planned a post-mortem examination of a woman who died shortly after she received an Asian flu vaccination.

McElroy Takes Oath as Defense Secretary

WASHINGTON (AP)—Neil H. McElroy was sworn in today as the nation's sixth secretary of defense.

The soap company executive took the oath of office at an early morning White House ceremony attended by President Eisenhower.

The President's welcoming McElroy into one of the government's highest jobs, also took the occasion to make a surprise presentation of the Medal of Freedom to Charles E. Wilson, the retiring defense chief.

Eisenhower stood at McElroy's side as the oath of office was administered in the Cabinet room by Percy Nelson, assistant administrative officer at the White House. Cabinet officers and high military officials also stood by.

When McElroy had been sworn in, Eisenhower shook his hand and told the new defense secretary: "Welcome to the Cabinet. You are now a bureaucrat."

\$24,000 to U of A Research Project

FAYETTEVILLE (UP)—The national Science Foundation has made available \$24,000 to two departments of the University of Arkansas to be used for research. The school's chemistry department will get \$15,000 of the amount for a two-year project. The remaining \$9,000 will go to the Zoology Department, where the grant will be used in support of a project on reptiles.

Soble Faces Prison for Being a Spy

NEW YORK — Jack Soble, a Lithuanian refugee who took shelter in America in World War I and then headed a Soviet spy ring here for a decade, today faced seven years imprisonment for his crime.

Soble, 34, was sentenced yesterday by Federal Judge Alexander H. Levet. His wife Myra, 33 and 64-year-old Jacob Abram co-conspirators who had also pleaded guilty to spy conspiracy charges were sentenced yesterday. Mrs. Soble was given four years and Abram was given two years.

Each of the three could have been sentenced to 10 years. But Levet said yesterday: "There is, believe, strong indication of remorse on the part of these defendants in varying degrees."

After his arrest last Jan. 26, Soble underwent an apparently complete change of heart, saying he deeply regretted betraying his adopted country, he helped federal authorities unravel the thread of

his network of espionage contacts. The government said Soble's cooperation helped obtain spy information against several others, including Alfred K. Stern and Martha Dodd Stern, daughter of a former American ambassador to Germany. He Sterns are now believed behind the Iron Curtain.

Mrs. Soble and Abram also were credited with helping the government uncover further espionage information.

Under their original indictment, all could have been sentenced to death.

The Sobles, sitting beside their lawyer, held hands as Levet spoke.

A week ago Soble made an emotional appeal for mercy before Levet.

"I cannot forgive myself," he said then. "I had plenty of opportunity to straighten out my life since I came to this country and I didn't do it."

Levet said in court: "It is axiomatic that this disposition must do justice to society, the nation and the defendant. No externally imposed influence will bring internally impelled allegiance to our form of government."

He went on to say, "Rehabilitation is not a factor, here, in this instance we must aim at protection and deterrence."

This was the first major espionage case since the execution of Julius and Ethel Rosenberg in 1953 for stealing atomic bomb secrets for Russia during World War II. The law was changed to permit death sentences for peacetime espionage.

The Sobles and Abram were allowed to plead guilty to a lesser charge of conspiracy to obtain information vital to the defense of the United States, knowing it was to be sent to Russia.

Mrs. Soble was born in Russia and Abram in Lithuania. The Sobles came here in 1911 and became American citizens in 1947—the year Abram arrived in the United States.

U. S., Korea Swap Friendship Pacts

SEOUL, (AP)—The United States and South Korea today exchanged instruments of ratification of the friendship, commerce and navigation treaty they signed last Nov. 28. The treaty goes into force one month from today.

In the Irish potato famine of 1846-1847, 2,000,000 to 3,000,000 persons perished.

Chrysler in Test of Dial Service Drive

NEW YORK (UP)—Dial-Service driving, the latest innovation in the automotive industry, was demonstrated Tuesday during a 680-mile trip from Detroit to New York.

Three Chrysler-product automobiles made the 12-hour trip, each equipped with a new automatic pilot device which enables the driver to dial the speed he desires, push a button and remove his foot from the accelerator.

The new system, optional equipment on some 1958 Chrysler cars, is designed to reduce driver fatigue and relieve the driver of checking his speedometer.

Approximately 95 per cent of the trip over three super highways was made with the auto-pilot's full automatic. During the remaining 5 per cent of the time, with the auto-pilot on semi-automatic, the driver encountered a warning back pressure on the accelerator when he exceeded the speed he had set for himself.

Bus Accident Brings Charges

CALEDONIA, Minn. (UP)—A truck driver today faced charges of criminal negligence in a school bus accident that killed one youngster and injured several others.

Shirley Zimmer, 23, West Salem Wis. was held at the Caledonia jail following the crash Tuesday. Authorities said Zimmer's truck slammed into the rear of a loaded school bus four miles northeast of here.

David Diering, 13, Caledonia, was killed in the accident and three other students Linda Rusi, Gaby Hanson, and Gordon Schroeder were hospitalized. About 22 other students were examined at hospitals and released.

Sheriff's Deputy Lawrence Klug said the left rear of the bus was shorn off, and that the bus' stop arm was up and that flashing warning signals were operating.

The Chrysler division said the automatic even control of the accelerator provided by the auto pilot resulted in a substantial saving in fuel consumption. This was brought out he said, by comparison of results with an accompanying car equipped with a conventional accelerator.

22-VALUE PACKED SHOPPING HOURS, TO TAKE ADVANTAGE OF THESE SPECIAL BUYS...at Rephan's

"CLEAN-UP" DAYS

YES, WE'RE HANKERING TO GET RID OF SOME ODDS AND ENDS, ONE AND TWO OF A KIND, SOME SLIGHTLY SOILED ITEMS AND SOME MERCHANDISE THAT'S JUST PLAIN OLD WITH AGE. COME, SEE IF YOU CAN HELP US FIND A HOME FOR THESE ITEMS. SHOP EARLY FRIDAY!

- 2 only CHILDREN'S COATS, slightly discolored, formerly priced at 7.95. Size 4's. Lt. green twotone color.

2.00
- This one is soiled, but it will make good cover for a hunting trip. Two only RAYON-NYLON BLANKET.

1.99
- We wouldn't guarantee these not to shrink, limited group WOMEN'S COTTON DRESSES.

75c
- Now you can wash dishes without worrying about running out of DISH CLOTHS.

10 for 1.00
- We've got too many, so down goes the price, to find a new home for them. LADIES CHENILLE ROBES. Regularly priced at 4.95.

3.77
- Santa Clause left these here years ago. Big 21" DOLLS, regularly priced up to 7.95.

2.00
- We're including these in clean-up days before they get soiled. NYLON PANELS.

87c
- Maybe you could use this to cover a chair, etc. DRAPERY MATERIAL, not over 5 yds. to a bolt.

35c yd.
- There's only 2 of these CHILDREN'S LT. WEIGHT TOPPERS in check designs, was priced at 4.95.

1.50
- We want to clean 'em up. Entire stock of COTTON THROW RUGS.

1/2 price
- Buy the shirt and you can have the tie and cuff links that go with them. BOYS WHITE SHIRT, CUFF LINK and BOW TIE SET.

82c
- Chances are you'll have to wash these before you use 'em but it is a good buy. CRIB SHEETS in what was white.

88c
- This was water damaged in the last big rain that hit Hope, maybe the spots will wash out. PINWALE CORDUROY. Slightly soiled. Colors, red, blue, aqua.

55c yd.
- Now, don't 6 of you men beat our doors in for this one. We only have 2 of them, MEN'S GREY DRESS SHIRTS. Size 16.

75c
- Maybe this could be used when you feed the chickens or milk the cow. One only LADIES' LONG COAT. We started out asking 16.98 for it. See what happens at

2.00
- You may find these to be slightly dusty MEN'S CORDUROY HATS at this price you can afford to buy a swiss broom to dust them with.

1.00
- If you like red, then here's the buy for you. 3 only LADIES' RED GABARDINE TOPPERS. Sizes 8 - 14 - 16.

2.99
- Too light for winter, too heavy for summer wear. MEN'S DRESS CAPS.

50c
- The old stork made double deliveries to this house, now we're hankering to get rid of our ENTIRE STOCK OF MATERNITY WEAR.

1/2 Price
- We won't guarantee these to hold water. You try 'em and see. INFANTS PLASTIC PANTS.

25c
- This one has a button missing, if you can't find another button use a pin. 1-only MAN'S GREEN WOOL SWEATER. Size 52. Cardigan style.

72c
- If you're a heavy eater this would make a good lunch box. 1 only 18" TRAIN CASE.

1.00
- These are soiled and soiled good, a strong bleach might bring them back out to white again. INFANTS' UNDER-SHIRTS in size 3 only, one dozen to go out at this price.

10c ea.
- Would someone be kind enough to help us find a new home for these. BOY'S CORDUROY JACKETS. 3 whites and 2 reds, knit cuff and collars.

2.99
- These were in style when Ladies were wearing small hats. 2-only LADIES' HAT BOXES. Slightly discolored.

1.00
- Here's a buy for the boys, and mother's you'll appreciate it too because of the price. BOY'S GOODYEAR RAINCOATS in red or yellow. Sizes 4 to 10.

1.67
- Maroon was the original color, you look at it and tell us the new shade that it faded too. 1-BOY'S SPORT COAT size 8, and it's all wool too.

.300
- Don't let the rain catch you out on a trip with this one. 5 only FIBRE SUIT CASES Big 24" size.

2.00
- We made some up, and had some left. ONE-TABLE OF REMNANTS. Use 'em for quilts.

1/2 Price
- These have seen two wars and ready for another. MEN'S GREY DRESS GLOVES. Slightly faded. Dye 'em to the color you like best.

Teacher Bows to Game of Baseball

CHARLOTTE, N.C. (UP) -
Baseball is here to stay and
Charlotte's schoolteacher has
bowed to the inevitable. Mrs.
Aldie Mae Crayton is using
the World Series as a teach-
ing aid in her sixth grade
class.
The class listens to game
broadcasts and then learns to
figure batting averages, spell
the players' names and cite
examples of good sportsman-
ship.
S-c-h-o-o-l-e-n-e-s-t without
hesitation. That's Mrs. Crayton's
second baseman Red Schoendienst.
"Why fight something when
you can make it work to your
own advantage? Mrs. Crayton
says.

Yerger Team Plays Bulldogs Here Saturday

The Yerger Tigers will meet the
Texarkana Bulldogs at 8 o'clock
Saturday night in Harmon's Sta-
dium in what promises to be one
of the better games of the season.
Admission is 75c for advance
tickets, 50c for high school stu-
dents and 25c for grade school
students.
The Tigers are reportedly in
fairly good shape with only a couple
of players out today. However, they
are expected to be on hand for
the game.

Utah State Back Leads on Offense

NEW YORK (AP) - Bob Winters of
Utah State, the total offense
leader, and high scorer Wray Car-
lton of Duke were the only major
college football individual leaders
holding over from a week ago,
the NCAA Service Bureau reported
today.
Winters, who is leading the for-
ward passing with 492 yards in
three games, is tops in total
offense with 615 yards. Bob Stran-
sky of Colorado, second in total
offense with 436 yards, leads in
rushing with 399 yards. Arizona
State's Leon Burton is the rushing
runnerup with 385 yards. Carlton
scored eight points as Duke de-
feated Maryland 14-0, running his
total to 10, more than for Jerry
Mertens of Drake and Idaho's
Howard Willis.
Winters, by passing, has
accounted for 62 per cent of Utah
State's offensive yards, or 515 of
825 yards.
Tom Forrestal of Navy is sec-
ond in passing with 386 yards, and
Gary Kapp of Utah State leads the
pass receivers with 17 catches for
260 yards, including three for
touchdowns. Winters and Kapp
thus are bidding to become college
football's top "battery" since the
latter has accounted for 33 per
cent of Utah State's aerial offen-
sive.
The best college scoring combi-
nation has been the Drake pair of
Roger La Brasca and Jerry Mer-
tens. Drake has scored 12 touch-
downs. La Brasca has thrown for
eight of them, and Mertens was on
the receiving end for five.
Dwight Nichols of Iowa State
State ranks sixth in total offense
with 399 yards in three games.

to good on live minnows; white
bass fair on top water baits; cat-
fish good on throw and willow
baits.
LAKE CONWAY: No report.
LAKE GREENSON: Clear and fall-
ing 6 inches a day; black bass
fair on top water lures plastic
worms and minnows.

Oklahoma's Thomas Likely Will Play

NORMAN, Okla. (UP) - Half-
back Cleo Thomas, Oklahoma's
touchdown machine, prob-
ably will get into the game
against Texas in the Cotton Bowl
Saturday.
Thomas was released yesterday
from the hospital after a two-day
bout with the flu.
"Unless something unforeseen
happens," said Trainer Ken Raw-
linson "he will be in uniform
Saturday. How long he will be
able to go or how strong he will
be, I don't know. It's something
we'll be watching from minute to
minute."
Thomas was the nation's lead-
ing scorer last season and a
strong candidate for All-America
honors.
Another halfback, Bobby Boyd,
appeared to be in about the same
status as Thomas. He is suffering
from tonsillitis.
However, both players were out
for practice in sweat suits yester-
day.

\$150,000 Blaze at Blytheville

BLYTHEVILLE, Ark. (UP) - Dam-
age from a spectacular fire yester-
day afternoon which destroyed
two buildings and badly damaged
a third, in downtown Blytheville
has been estimated at \$150,000.
Fire Chief Roy Head, who made
the estimate, said the origin of the
afternoon fire has not been de-
termined.
No one was injured. Thousands
of persons watched from a safe
distance as a number of Bulane
and propane tanks exploded in a
warehouse during the blaze.
The buildings destroyed were
the E. C. Robinson Lumber Co.
warehouse, filled with lumber and
other materials, and the Gay and
Billings Coal Co., which contain-
ed coal and other material and
also housed a radio and television
shop.
The office of the R. D. Hughes
Gin Co. was damaged heavily.
The area is a block from the
main street here.
The fire apparently started in
a carpenter shop in the rear of
the lumber warehouse, Head said.

Farm Land Prices Show Increase

WASHINGTON (AP) - Prices of
farm lands increased 8 per cent
during the 12 months ended July
1 to continue a market boom that
started with World War II.
Reporting this, the Agriculture
Department said, land values
advanced 3 per cent between
March 1 and July 1.
The July average for the country
as a whole was 51 per cent
above the 1947-48 average.
The department said a number
of factors affected the continued
upturn. One was generally favor-
able crop prospects this year. An-
other was an improvement in
farm product prices. A third was
a continuing pressure to enlarge
existing farms.
The increases by states includ-
ed: Missouri 8, Arkansas 7, Kan-
sas 6, Oklahoma 5.

Says Industries Avoiding Arkansas

NEW YORK (UP) - Industries
seeking new plant locations are
avoiding Little Rock, Ark., and
other southern cities where integra-
tion attempts have been met by
violence, a federal location ex-
pert said yesterday.
The expert, Leonard C. Yaseen
of the Fattus factory locating ser-
vice added, however, that troubles
over integration have not slowed
industry's movement to the south
in general. Movement has increased
14 per cent in the past year,
Yaseen said.
He said it was his belief Little
Rock's industrial development had
been retarded five years because
of the integration controversy
here. Also being shunned by in-
dustry because of racial unrest
are Montgomery, Ala., and Clinton,
Tenn., Yaseen said.

Philadelphia Quits as Head of AP

NEW YORK (AP) - Robert McLean,
66, president and publisher of
the Philadelphia Evening Bulletin,
resigned yesterday as president of
the Associated Press and was suc-
ceeded by Benjamin McKelway, 62,
editor of the Washington Star.
The post of president had been
held by McLean since 1938. McKel-
way was elected first vice presi-
dent of the press association last
April. He has been with the Star
87 years.

Yerger Team Plays Bulldogs Here Saturday

The Yerger Tigers will meet the
Texarkana Bulldogs at 8 o'clock
Saturday night in Harmon's Sta-
dium in what promises to be one
of the better games of the season.
Admission is 75c for advance
tickets, 50c for high school stu-
dents and 25c for grade school
students.
The Tigers are reportedly in
fairly good shape with only a couple
of players out today. However, they
are expected to be on hand for
the game.

Utah State Back Leads on Offense

NEW YORK (AP) - Bob Winters of
Utah State, the total offense
leader, and high scorer Wray Car-
lton of Duke were the only major
college football individual leaders
holding over from a week ago,
the NCAA Service Bureau reported
today.
Winters, who is leading the for-
ward passing with 492 yards in
three games, is tops in total
offense with 615 yards. Bob Stran-
sky of Colorado, second in total
offense with 436 yards, leads in
rushing with 399 yards. Arizona
State's Leon Burton is the rushing
runnerup with 385 yards. Carlton
scored eight points as Duke de-
feated Maryland 14-0, running his
total to 10, more than for Jerry
Mertens of Drake and Idaho's
Howard Willis.
Winters, by passing, has
accounted for 62 per cent of Utah
State's offensive yards, or 515 of
825 yards.
Tom Forrestal of Navy is sec-
ond in passing with 386 yards, and
Gary Kapp of Utah State leads the
pass receivers with 17 catches for
260 yards, including three for
touchdowns. Winters and Kapp
thus are bidding to become college
football's top "battery" since the
latter has accounted for 33 per
cent of Utah State's aerial offen-
sive.
The best college scoring combi-
nation has been the Drake pair of
Roger La Brasca and Jerry Mer-
tens. Drake has scored 12 touch-
downs. La Brasca has thrown for
eight of them, and Mertens was on
the receiving end for five.
Dwight Nichols of Iowa State
State ranks sixth in total offense
with 399 yards in three games.

Teacher Bows to Game of Baseball

CHARLOTTE, N.C. (UP) -
Baseball is here to stay and
Charlotte's schoolteacher has
bowed to the inevitable. Mrs.
Aldie Mae Crayton is using
the World Series as a teach-
ing aid in her sixth grade
class.
The class listens to game
broadcasts and then learns to
figure batting averages, spell
the players' names and cite
examples of good sportsman-
ship.
S-c-h-o-o-l-e-n-e-s-t without
hesitation. That's Mrs. Crayton's
second baseman Red Schoendienst.
"Why fight something when
you can make it work to your
own advantage? Mrs. Crayton
says.

Irish Hit by Flu on Army Game Eve

SOUTH BEND, Ind. (UP) - Coach
Terry Brennan says his flu-ridden
Notre Dame football team is in
poor physical shape for Satur-
day's game with tough Army in
Philadelphia.
Six of his regulars and two
second-stringers were sidelined by
the flu bug yesterday.
"We are hurt, hurt badly,"
Brennan said after the squad
walked through no-contact drills.
"There is no likelihood that we
will be in top shape for Army
although all of the men who are
down with the flu now probably
will make the trip."
He named the flu victims as
co-captain Ed Sullivan, halfback
Dick Lynch, guard Jim Schaaf,
end Gary Myers, fullback Nick
Pietrosanto and center Boh
Scholtz—all starters—and No. 2
guards Dave Hurd and Bob Gay-
dos.
The outlook was different in
Army's camp. Coach Earl Blaik
and his staff - currently guiding
the top-rated team in the East
- apparently feel confident.

Resets Trials in Integration Dispute

LITTLE ROCK (UP) - Municipal
Judge Harry C. Robinson has re-
scheduled trials of 12 more men
who were arrested at Central High
school during integration dispute
disorders.
Judge Robinson reset trials of
five other defendants in the in-
tegration situation Monday. He
said he favored a "cooling off"
period before the cases came up.

19 Arkansas High School Teams Unbeaten

Nineteen of Arkansas' 147 high
school football teams were un-
beaten and untied after five weeks
of play ended last week and three
of them are from Little Rock.
Counting Mabelvale, Pulaski
County boasts four of the unbeaten
group which includes Little Rock
Central, Hall and Catholic High
Schools.
Three of the clubs—Central, El
Dorado and Pine Bluff—are mem-
bers of the Big Eight Conference
and a fourth—Hall—is a big Eight
member-elect.
There are four unbeaten and untied
Class AA clubs, six in Class
A and five in Class B.
Not a prep club in the state was
unbeaten on.

Little Blue Boy Has Show All His Own

LAKEVILLE, Mass. (AP) — Until yesterday little Francis X. pained, literally ill with muscular dystrophy had never had a visitor at the Lakeville State Sanatorium.

His mother is dead and his father is in prison for killing her. The youngster, also known as Little Blue Boy, thought nobody wanted him.

Facing a lonely birthday, he told Dr. Kurt Zellinek last week he didn't want much maybe four or five cards.

The story of the lonely youngster got out — and it touched the heart of the nation.

On his ninth birthday yesterday he learned how many friends he really has.

Comedian Jerry Lewis dedicated a million-dollar television show exclusively to the ailing youngster.

More than 150,000 cards and letters were mailed to him — and they were still coming today.

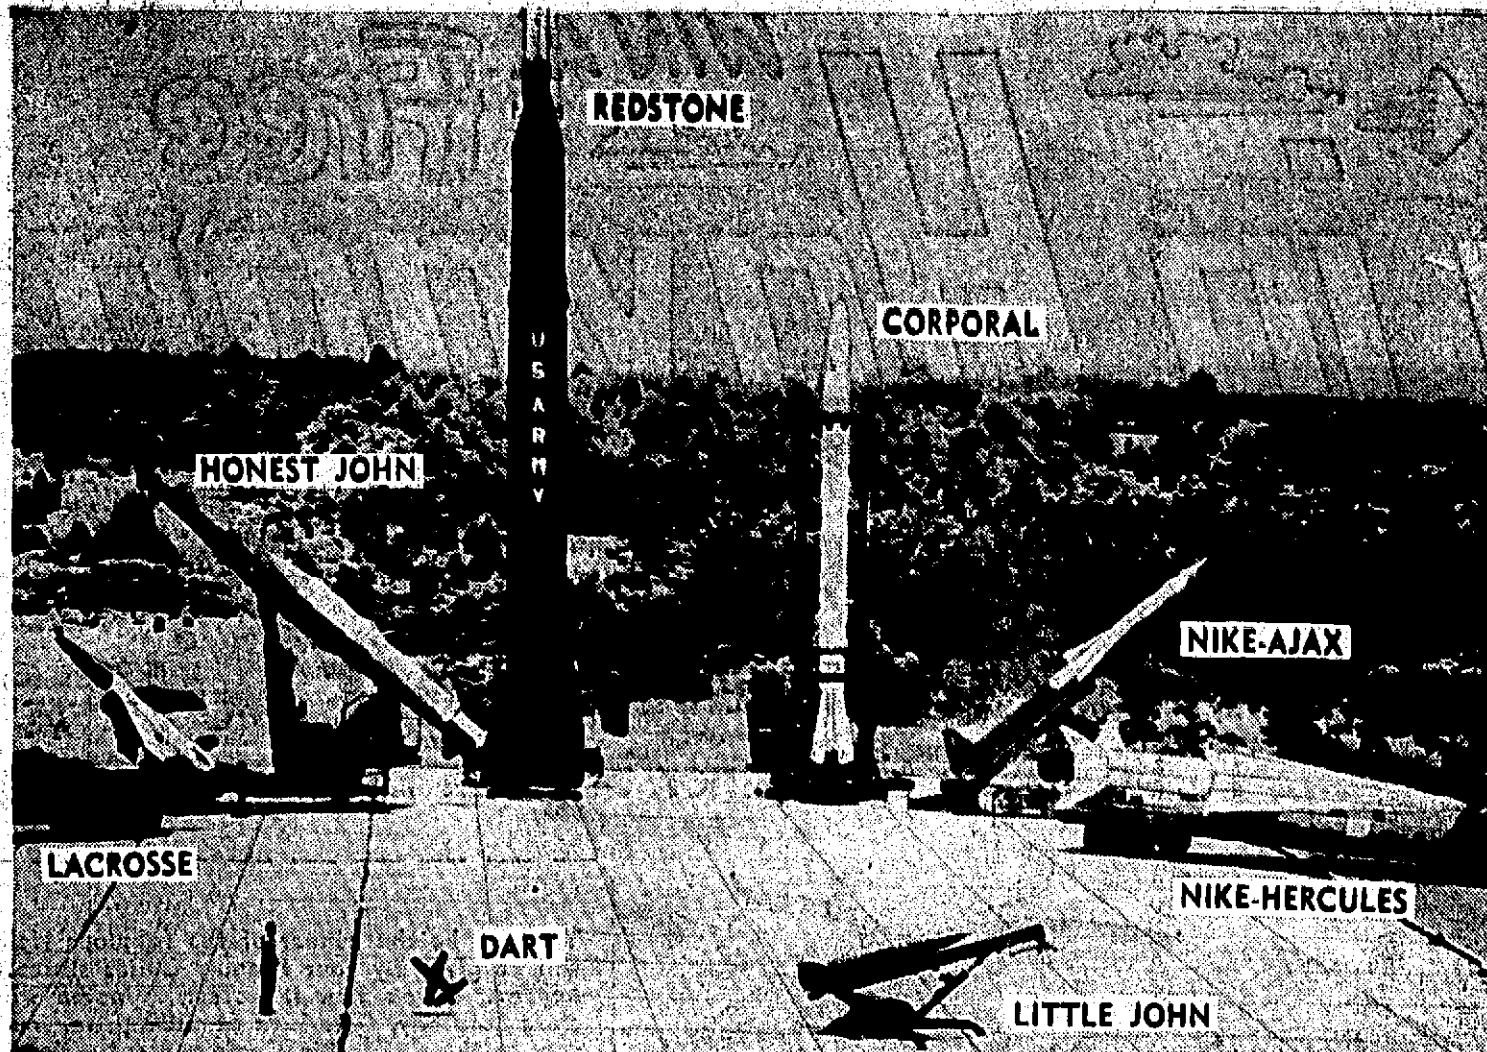

An estimated \$10,000 was mailed to him.

Offers of help jammed the hospital switchboard.

Toys, candy, games, radio television sets and other gifts were delivered to the hospital by the thousands.

Little Francis could hardly contain himself when Jerry Lewis appeared on the television screen in the closed-circuit telecast and dedicated an all star show to "My one-boy audience."

Performers included Tennessee Ernie Ford, Eddie Fisher, Eddie

MISSILE MUSCLE — The U.S. Army's family of missiles is pictured above in this Department of Defense photo. The Lacrosse is a surface-to-surface field artillery guided missile. The Honest John is a surface-to-surface long-range artillery rocket. The Redstone is a surface-to-surface guided ballistic missile. The Corporal is a surface-to-surface guided ballistic

missile for tactical use against targets more than 75 miles away. The Nike-Ajax is a surface-to-air anti-aircraft guided missile. The Nike-Hercules is also a surface-to-air anti-aircraft guided missile. The Dart is a surface-to-surface antitank guided missile for use by front-line troops. The Little John is a surface-to-surface artillery rocket. The Hawk is not in photo.

U. S. Has Only One First in Missile Race

WASHINGTON (AP) — Spectacular Russian achievements in outer space have left the United States with only one first in the field: perfection of the 5,000 mile intercontinental ballistic missile.

If Russian claims are to be believed, there is strong doubt whether even that race is still open for the winning.

Communist party boss Nikita Khrushchev announced more than a month ago a Russian test of an ICBM. Defense Minister Gen. Zhukov said in Belgrade yesterday with first-class arms including "jet and rocket technique in the Russian forces have been equipped framework of which are also intercontinental ballistic missiles."

Neither claimed that Russia actually has ICBMs ready for use, as American spokesmen have carefully noted, but Khrushchev came up with a boast Tuesday that his Russians have it all over the United States in the long-range missile field.

The talkative Communist boss said at an embassy party in Moscow that manned warplanes are no match for Russian intercontinental ballistic missiles. He went further to state that the age of bombers is over. "You might as well put bombers and fighters in the museum."

The Kremlin chief was backed up in part by the United States Navy when it made public the first time yesterday the secret knowledge that the Soviets already have 1,500-mile ballistic weapons placed so as to threaten all major American and Allied bases in Western Europe.

The Navy revelation of the Russian missile achievement, following up Russia's launching of a satellite now orbiting the earth, may spur a long-delayed Pentagon decision over which of two candidates for an American intermediate ballistic will be chosen for development.

There is little likelihood that the furor caused by the Soviet achievement will hasten by many hours the perfection of a 5,000-mile

This Queen Is Easy to Feed

WASHINGTON (AP) — Queen Elizabeth II is easy to feed compared to her illustrious ancestor, Elizabeth I.

The British Embassy said today it is informing people who will entertain the Queen during her American visit next week that she likes "simple food and is not fussy."

James McManaway, consultant at the Folger Shakespeare Library, said back in the 16th Century if you were invited to even a small formal dinner you could expect to feast upon several soups, fish, half a dozen game birds and two or three roasts.

"Then came the sweets," he said.

McManaway said the Elizabethans were not eating anything but simple foods.

"They liked dishes like a bird roasted in a bird," he said.

"I don't know if they ever prepared 40 black birds baked into a pie but if they did they must have loved it."

FIRST RACE — First automobile race run on the Indianapolis Speedway was on Memorial Day of 1911. The race was won by Ray Harroun, in a Marmon Wasp Six, at 74.59 miles per hour.

American ballistic missile. As of now, the only American missile. This prospect in the American more than 5,000 feet — not 5,000 IRBM field are much better.

blow out the candles on his birthday cake and to open a few of the hundreds of presents he received.

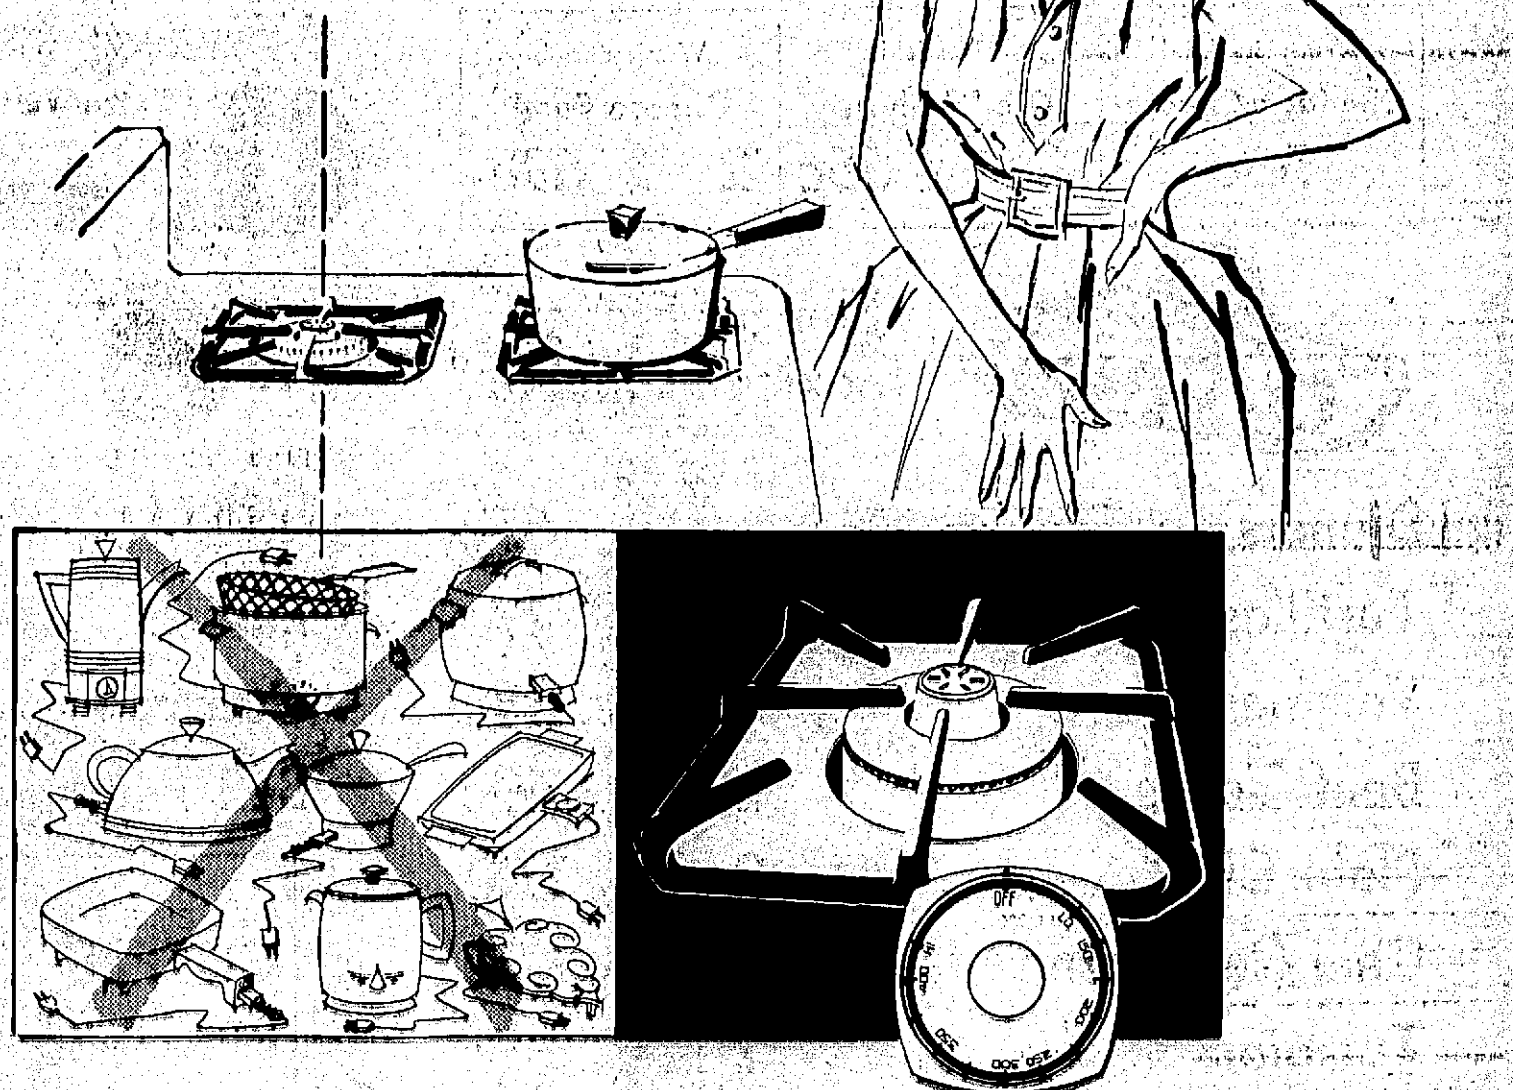

The youngster shared his birthday and the presents with an estimated 75 other hospitalized children, some of them wearing casts from the neck down.

Little Francis, who name was withheld by the hospital, requested that many of his gifts be distributed to the other children.

The money he received will be placed in a trust fund for him.

More important than anything else to the boy was the comment of Dr. Zellinek that "this has done wonders for the boy. A week ago he wouldn't respond and now he has a will to live."

NEW GAS TOP BURNER eliminates \$176.90 worth of plug-in gadgets

ALL your ordinary kitchen pots and pans become automatic with the new GAS TEMPERATURE-CONTROL TOP BURNER. JUST SET THE DIAL for the heat you want, and the thermostat takes over... turns the flame up or down.

And it takes the place of those hard-to-clean plug-in gadgets... makes a lot more room in your kitchen.

See the 1957 gas ranges with this magic control... buy from your dealer on the ALC easy-pay plan. Monthly payments with your regular gas bill.

U. S. to See How Russians Really Live

By BOB THOMAS

HOLLYWOOD (AP) — American moviegoers will get a chance to see how the Russians really live, thanks to a tough little capitalist who roamed behind the Iron Curtain with cameras and film.

The man is Sid Feder, and he has brought forth a documentary called "This Is Russia" which, Universal-International is releasing. A vaudeville actor as a child Feder has some film theaters and other interests.

Feder's Iron Curtain caper arose while he was in London during the B&B visit. He figured he would test whether the Kremlin leaders were serious in their offers of friendship, so he applied for permission to photograph Russia.

"I was lucky," he admitted. "The Russians have a great respect for inventions. I happened to have been in on the first 3D picture, 'Bwana Devil.' I put up the money. Since the Russians have a theater where 3D movies are shown without glasses, they were interested in my visit."

After much red tape, Feder was admitted to Russia. He wasn't allowed to bring a cameraman, so he had to shoot the film himself. He brought along three cameras and lugged 150 pounds of equipment all over the vast country.

The Russians had firm notions of what he should photograph, he said, but he had other ideas. "They showed me the huge factories, which were impressive but not what I was interested in," he said. "I wanted to see the faces of the people — see them at work and at play, in their homes, at the theaters and on vacation."

"They arranged for me to visit a model apartment — and it was a model! It was all fixed up with a refrigerator, television set and electric toaster. There was only one trouble. There was no electricity in the building, nothing to plug into."

"I used my camera for all of the things they wanted me to shoot. I always kept one with no film in it just for that purpose."

Though often harassed by the

that in the 11 years that the Los Angeles Rams have lived here, they had had six coaches."

Another writer said Los Angeles was inheriting an over-the-hill ball club with most of the players in the twilight of their careers.

Leo Durocher, former Dodger manager who makes his home here, offered this rebuttal: "With the Dodger farm system, they will have replacements wherever they are needed. And you couldn't ask for a better pitching staff."

Los Angeles Giving Cheers for Dodgers

By PATRICK MCNULTY

LOS ANGELES — A shoeshine boy broke into a jig. The mayor put on a baseball cap, and members of the city council cheered and waved for photographers.

But the average Los Angeles baseball fan took the news that the Brooklyn Dodgers were moving here with a quiet smile and a sigh of relief.

After all, it had been a long, six-month haul.

The next problem: what to call the team, and where will it play? Call 'em the Dodgers, or Angels, maybe suggested Mayor Norris Poulson.

Most local writers, however, tabbed the ball club the Los Angeles Dodgers.

"Hurrah, hurrah, hurrah — they're our Bums now," cheered the Mirror-News after Brooklyn President Walter O'Malley's announcement yesterday.

"Welcome Dodgers" beamed

the Herald Express.

"Bums here," crowed the Times.

"It's settled — they're LA Dodgers now," headlined the Examiner.

"Get your wheelbarrow and shovel. I'll see you at Chavez," O'Malley telegraphed Mayor Poulson.

However, all the wheelbarrows and shovels this side of the Ebbetts Field foul line couldn't produce a ball park in that hilly section before the season opener with the Chicago Cubs next April.

In fact, it may take two years before turnstiles are clicking at O'Malley's proposed 50,000-seat stadium in Chavez Ravine, a funko drive or two from downtown Los Angeles.

Until then, O'Malley has said, the Dodgers will play home games at Wrigley Field, which he picked up when Brooklyn bought the franchise of the Los Angeles Angels in the Pacific Coast League last February.

But the 22,500 seat field is woefully inadequate.

There were words of caution, too. Examiner columnist Melvin Durslag warned Dodger Manager Walt Alston:

"We have never been fond of losers out here. Now don't let this frighten you, but it is a hard fact

Oldest Resident of Cotton Plant Dies

COTTON PLANT, Ark. (AP) — Mrs. Mary Olive Leighton, 88, oldest native resident here and widow of an assistant postmaster died last night of a heart attack.

Mrs. Leighton's husband used to work in Memphis for John Deere Implement Company.

She is survived by three sons: Raymond Mitchell, of Lula, Miss., by a former marriage; Frank Leighton of Boise City, Idaho, and Newmah Leighton, voice instructor at Southwestern College, Memphis.

police. Feder managed to get what he wanted. He saw another sight forbidden to most Western visitors — the slave labor camp of Siberia.

With some hairbreadth escapes, he managed to get his film out of Russia. Most of it was in good shape, he reported, although part of it appears to have been exposed to X-rays by the crafty Reds.

Man Killed, Ex-Wife Is Wounded

MCGEHEE, Ark. (AP) — Sheriff Robert Moore reported today that a man was killed and his former wife wounded in a shooting here early Sunday.

The woman's new husband was arrested on an open charge.

Moore said that Clark B. Killecrease, 37, of McGehee, was wounded fatally by a blast of a shotgun as he approached the house of Mr. and Mrs. Marvin Schook at Rowher a community 12 miles northeast of McGehee.

Moments before a charge from a shotgun had entered the Schook house, wounding Mrs. Schook, about 35, who remarried about 10 days ago after she and Killecrease were divorced.

The sheriff said Schook about 65, surrendered to officers after taking his wife to a hospital. The

Ex-Newsman Dies at Bald Knob

BALD KNOB, Ark. (AP) — Robert Lee Brawner, a former state legislator and newspaper publisher, died at his home here yesterday. He was 81.

Brawner once published the Heber Springs Jacksonian Headlight. He was a former representative from Logan County.

Funeral services will be announced.

woman was not injured seriously. Moore said Schook was being held in Desha County jail at Arkansas City on an open charge pending a preliminary hearing in municipal court at McGehee tomorrow.

The Schooks were in the house alone at the time of the shooting, the officer said.

Mrs. Schook and Killecrease divorced about six weeks ago, Moore said. She has a 14-year-old son by that marriage.

Wet, Cloudy Over Parts of Nation

By The Associated Press

Wet and cloudy weather extended across the northern part of the country today from the north Pacific Coast eastward through New England, but skies were clear in most other areas.

Precipitation was reported in wide sections, with heaviest falls in the New England region. Rainfall measured 1½ inches at Providence, R.I., and more than half an inch at Watertown, S.D.

The storm that struck the Atlantic Coast yesterday weakened considerably during the night. Heavy rain, high tides and gale force winds hammered the area. Wind gusts of 74 m.p.h. lashed Chincoteague, Va., and more than 4½ inches of rain drenched Cape Hatteras, N.C. However, as the winds diminished all storm warnings along the Atlantic Coast and inland waters were lowered.

Freezing rain and snow flurries and temperatures in the 20s were

Ike Extends Stay to Play Golf

GETTYSBURG, Pa. (AP) — President Eisenhower extended a weekend stay at his farm home today in the hope of getting in another round of golf.

Eisenhower had no scheduled engagements at the White House in Washington, and indications were he would not return there until late in the day.

Cold weather and heavily overcast skies kept Eisenhower indoors yesterday after 18 holes of golf both Friday and Saturday at the Gettysburg Country Club.

He played both days with George E. Allen, Washington businessman who has a farm near the Eisenhower place.

Mrs. Eisenhower is at the farm with the President. This is the first Lady's first visit since she underwent surgery Aug. 6.

reported in Montana and cool weather extended from the northern Plains to the Pacific Northwest.

NEW SOFTWISTED TO TASTE BETTER

SOFTWISTED TO TASTE BETTER

EVEN TEXTURE • FINER FLAVOR • LASTING FRESHNESS

1 SHAPING — SOFTWISTING TAKES TWO UNIFORM PIECES OF DOUGH AND SHAPES THEM INTO LONG ROLLS.

2 SOFTWISTING — THE DOUGH IS SOFTWISTED TOGETHER DENSELY SQUEEZING OUT THE AIR CELLS.

3 RISING — WHEN IT IS PLACED IN A PAN, IT THEN RISES IN THIS CONFINED SPACE, FORCING OUT ALL AIR POCKETS.

Exhibits Close at 5:30 P. M.

Be sure to attend the Poultry Show this year. This rapidly changing poultry industry offers opportunities and pitfalls for everyone. You will find the information and the displays important to you. You will enjoy meeting and visiting with the other folks attending.

Corn Belt Hatcheries Of Arkansas

HOPE, ARKANSAS

AIMED AT THE MOON—A manned satellite, "Meteor Junior," rushing constantly through outer space at 16,660 m.p.h. in an orbit 500 miles above the earth and possibly landing on the moon, can be established on an economically feasible basis within eight years. That is the keynote of a presentation made by Darrell C. Romick, Goodyear Aircraft scientist, at the International Astronautical Federation in Barcelona, Spain. "Meteor Junior," a modification of a larger version described in 1954, will be a three-stage ferry rocket. Each stage would have the general appearance of a delta-wing aircraft, have its own crew and be capable of independent controlled flight. Nested together for initial launching, left sketch, the tri-stage rocket would be 142 feet high overall and weigh

500 tons. The first or bottom stage, powered by 17 rocket engines capable of providing a total of 2,224,000 pounds of thrust, would expend its fuel in some 60 seconds. By that time the vehicle would attain a speed of 6,600 m.p.h. and an altitude of 24 miles. This stage then would be detached, center sketch. The second stage would then cut in and accelerate speed to 15,000 miles per hour before being separated. The third and final stage would increase speed to 18,000 miles per hour and propel the vehicle to the 500-mile orbit. Once in orbit, the speed would fall to a constant 16,660 m.p.h. Approaching the moon, right sketch, Meteor Junior's final stage is designed to accommodate a three-man crew and the supplies necessary to sustain them in space for two months.

WOLF CREEK

By W. Edmunds Claussen

Copyright 1957 by W. Edmunds Claussen. Distributed by NEA Service.

THE STORY: Dave Sharadin has been beaten up by Lou Bray and his son as he returns to his father's ranch in Arizona following the Civil War. The Brays have a grudge against Bluetts Sharadin, Dave's father.

CHAPTER IV

The bartender was mixed up in Dave's ambushing. The man had drawn Dave out with his questioning, giving the Brays time to set their trap. Dave was sure of it when he stepped into the saloon. Neither Lou Bray nor his son were in the room. The bartender saw him as he glanced up. Shock ran across his face and Dave be-

came conscious of what a ragged spectacle he presented. "Where'll I find them?" he asked evenly. "They've got no horses. They're still in camp." "You got it figured wrong, friend. They're gone. You were a little careless—that's all." Dave moved forward and grasped the bartender's shirt. He hauled the man forward across the counter, seeing the anger break against the cool, impersonal eyes. He hoped the man would hit him; he wanted to work off his own anger against someone connected with his beating. "That's a lie! They had no horses." Now the bartender shook his

head vigorously. "You missed them. There's a stone corral behind the saloon where they kept 'em. But you're wrong—I didn't want any part of it. Sure, I knew they had it in for you." He jerked his thumb across his shoulder, pointing toward the Padres. "You keep on, headed for Wolf Creek, and they'll put a bullet through your back."

Dave's hold eased on the bartender's shirt. Intuitively he believed the man told the truth. He himself had simply grown careless, and by now the Brays were on their way. But he knew with a grim satisfaction there would be another time. He said softly, "So Lou Bray's headed for Wolf Creek?"

"You can count on it Sharadin. There ain't a breath Bray takes that he don't cuss Block S with it. He was only drifting around La Paz and the gold camps till he got over the beating Kains gave him."

"Why did Kains beat him?" "The saloon man stared at him levelly, all the while rubbing his breast that still ached from Dave's knuckles. "Squatting on your grass. Your old man fired them out. When Lou Bray wouldn't move, Kains rode down with his crew and beat 'em senseless. Then Kains loaded 'em on a wagon and dumped 'em off on the desert."

"Where'd they build their shack?" "Horsehead Tanks."

Dave released a long-held breath as he thought of the boys that lay around the tanks. "I don't blame my father. For once, I don't hold it against Kains." "The nesters think different." The bartender's gaze was on him in a speculative stare.

Dave turned from the counter. Horsehead Tanks were 10 miles north of Block S headquarters—if they lost that water to squatters a wedge would be driven between the home ranch and Castle Rock further north. Let one squatter move onto the range and a dozen more would follow. This was land for cattle and not kill the grass nature had developed in at sand season's following. It was a threat every rancher faced with growing concern. The wiser ones settled the threat with—before the squatters' plows could do serious damage.

Dave stepped outside, understanding in a broader sense the hatred this country felt toward Bluetts Sharadin would seem justified from the plowmen's viewpoint. It was not considered wrong to kill an occasional beef on the range—slow-elk it was called—for a cowman would never miss the beef, and it brought strength to the plowman's family until his crops grew. By that time killing the rancher's cattle became a habit. To those squatters Block S held more land than was needed. By the squatters failed to take into account the number of acres that were necessary to sustain a thousand steers; nor did they concern themselves that a fence around a water hole would necessitate an extra 16 or 20 miles tramp for the cattle to and from the pasture ground.

Reaching the river Dave's glance picked out vague movement ahead the General Heath. He recognized Sherry. His ragged condition brought a feeling of shame that she should see him like this. He knew almost the moment she discovered he had been hurt. Leaving the upper rail she lifted her long skirt and descended the ladder. Sherry took a few steps across the dock, reaching after his arm. He hesitated facing her squarely, expecting a sarcastic comment about his pilfering of weakness. Instead she was looking at him earnestly, she meant only to help. "Are you badly hurt?" "The husky, low tones of her voice rekindled all his interest. Her eyes were gentle and patient and he was struck by her culture.

Segregation Group Plans Defense Fund

LITTLE ROCK (AP)—Establishment of a legal defense fund to help persons arrested in connection with the school integration controversy here was announced today.

The announcement of the "Freedom Fund for Little Rock" as a branch of Freedom Fund Inc. of Nashville, Tenn., apparently was a defensive measure against the possibility of federal litigation stemming from riots at Central High School.

The Little Rock fund was set up to raise money for the legal defense of those who have been arrested and who may be arrested in connection with the Little Rock Central High School situation," a prepared statement said.

The "only crime" of those arrested, the statement said, is that they were "spectators" in the vicinity of the school during the first days of school opening. President Eisenhower ordered federal troops to Little Rock following rioting at the now integrated school on Sept. 23.

Officers of the Little Rock Chapter of Freedom Fund were identified as Dr. Malcolm G. Taylor an osteopath, chairman; Julian Miller, retired railroad station agent, secretary; and Rev. Wesley Prudden, Baptist minister, treasurer. Miller and Prudden have been active in segregationist groups.

Freedom Fund is headed in Nashville by Jack Kershaw. It was established there to aid persons accused in the Clinton, Tenn., integration case.

Czech Family Too Slippery for Reds

VIENNA (AP)—Police today told the story of a Czech family that proved too slippery for their country's Communist rulers.

Hoping to get to America, 43-year-old Antonin Liska and his wife Jarmila took their children 9 and 5, and slipped into one of the empty oil tank cars that is sent to Austria regularly to pick up the oil that Russia exports as reparations. They brought along old military gas masks—in case the car's air was bad—and a large nylon sack of clothes and food.

After a 36-hour trip they arrived safely in Austria Sunday, completely covered with oil from the residue in the tank.

Court Martial in Army Shortage

FT. CHAFFEE, Ark. (AP)—A general court martial met here this morning to consider the case of Lt. Col. Robert H. Lynch, a former club officer accused in connection with a fund shortage at the officer's mess.

Charges against Lynch include larceny, absence without proper authority, false official statement and uttering a forged check, said Maj. Robert West public information officer.
